

ACCESS

SUSTAINABLE SOLUTIONS FOR RESOURCE DEVELOPMENT.

ACCESS

Access was formed in March 1995 to provide locally experienced professional project management environmental services for development projects in Yukon, northern British Columbia, and Alaska. Since that time we have permitted many projects over a wide range of land and resource development in the north.

What We Provide:

- ✘ A Tailored Project Approach
- ✘ A Multidisciplinary Core Team with Recognized Specialists
- ✘ A Keen Understanding of the Local Environment, Government, and Stakeholders

WHO WE ARE

- ✘ Access was established in 1995
- ✘ Purchased in 2006 by Alexco Resource Corp.
- ✘ Access is now part of Alexco Environmental Group which is comprised of Access, Elsa Reclamation and Development Co. Ltd., and Alexco Resource U.S. Corp.
- ✘ Operating as an independent Yukon based subsidiary of Alexco Resource Corp.
- ✘ Providing comprehensive scientific and engineering solutions to challenges for projects 'Large & Small'
- ✘ Permitting and Licensing Specialists
